ALBUQUERQUE, NEW MEXICO DAILY CITIZEN – 1894

INTRODUCTION:

The format for this index was developed to cover the major news items appearing in the Daily Citizen newspaper – births, deaths, marriages, interesting items – and mainly to find ancestors who were thought to be in the area. This is an index of the names appearing in the article, and covers only those persons of either New Mexican origin or who participated or appeared in New Mexico.

In other words, news articles covering an event occurring outside New Mexico, but involving a New Mexican, are reported here; persons from some other state but participating in an event in New Mexico, also are included. The compiler attempted to include any reference that could possibly lead to finding members of a family or places of birth. A relative visiting from some other state would be included in this index.

There are many newspapers in the state, and they shared news events. Many events and persons from around the state are included in the Albuquerque newspaper. Hotel arrivals in the major Albuquerque hotels were reported almost daily; therefore, an individual's name may appear many times throughout the year, but only a line stating that they were in town. U. S. Mail was sparsely delivered, and most mail was held at the General Delivery window of the post office. Weekly lists were published of persons having uncalled for mail, with the admonition to pick it up or it would be sent to the dead letter office. The compiler did not include every report such as this, or the work would have become unmanageable. Many mentions of prominent persons and politicians who were in the news quite often would have made this publication immense, and are not included unless the event could lead to other genealogical research.

FORMAT:

The index begins with the first mention of a person. Subsequent appearances are not indexed unless it changes the original information in some way. For example, _____ HENRY would be noted for date and page first appearing. Later, an article might add that it was HOWARD HENRY, who resided in Albuquerque and was a court stenographer. That item is referenced. Later, if HOWARD W. HENRY, a court stenographer from Albuquerque, visited his parents in Dodge City, Kansas, that item is also referenced. The short sentences stating that "Mr. Henry, the court stenographer, went to Santa Fe today" is not indexed for there were many of this kind of item.

In an effort to aid identification, the compiler has included the apparent residence of the party and the indicated occupation. Users are cautioned to check the source data and make these determinations for themselves, as there may be some unintended error in interpretation.

The microfilm containing this newspaper is on file at the Special Collections Branch of the Albuquerque Public Library, 423 Central Avenue NE, Albuquerque, New Mexico 87102 (Phone 505-848-1376).

Many of the towns had long names and space was limited in printout for that word. I have taken the liberty of abbreviating some town or village names, and a list of these appear in this preface.

We have attempted to save the researcher time and expense by indicating on some entries the topic. There was almost daily a list of arrivals in town and shown in the Hotel Register and I have made the arbitrary designation of (H) to show that if you look in the paper, you will only find a name listed as having registered at a hotel. The same for letters uncalled for at the post office, since there was restricted mail delivery at this time, and in some cases, no delivery. Those names are just in a list and I have designated them as (L) for "letter".

FURTHER AIDS TO RESEARCH:

MAP: In an effort to help locate the many small towns, now ghost towns, listed as homes of our ancestors, I have prepared a map showing the approximate location of many of the town in New Mexico in 1894. I hope you find it useful.

CITY DIRECTORY: Your attention is called to a good resource for the time period in Albuquerque, the City Directory which is housed at the Special Collections Library. There you will find the Business Directory for 1893 and 1897; the City Directory for 1892, 1896, and 1899, and most subsequent years.

PRECINCTS: Also included is a list of precincts in Bernalillo County.

NOTE:

In September, 1892, suddenly the masthead of the newspaper changed and started carrying the name, THE EVENING CITIZEN, but the ownership block on the succeeding pages never changed from the Daily Citizen. Newspaper index books for New Mexico newspapers continued to carry the name of the Daily Citizen as the name of the paper. It does change back in later years.

The issue of May 4th is out of order in the microfilm and is found following the date of June 2nd..

The issue of February 9 had 14 extra pages devoted to listing of delinquent taxes for the County. These pages, when microfilmed, were done out of order according to years and precincts being in order. To read the pages as they appeared in the original newspaper and to have the precincts listed correctly, the researcher is advised the correct order is, 1, 2, 3, 4, 5, 6, 17, 18, 15, 16, 7, 8, 13, 14, 9, 10, 11, and 12.

There are two issues dated as August 11, the printer having failed to change the type of the second issue, which was supposed to be dated August 13.
